

Webinar & Business partnering sessions "Italy-Japan space cooperation for emerging global challenges"

The Italian Embassy is pleased to invite you to the Webinar "Italy-Japan space cooperation for emerging global challenges" on 14th April and the online Business partnering sessions from 15th April, organized by the Italian Ministry for Foreign Affairs, together with the Trade Promotion Agency of Italy.

Italy and Japan are among the Countries that have developed significant space programmes and a growing space industry. Italian industrial space sector is currently ranking 7th at global level. The objective of the events is to foster contacts between the two space industries in the light of the respective Space Programmes of the two Countries, involving together with Japanese counterparts, major, small and mid sized Italian enterprises and startups.

The virtual networking and one-on-one business meetings with the participating Italian companies will take place from the next day of the webinar, Thursday 15th April from PM 3:00 (JST). Please refer to the list of the Italian participants to evaluate the Italian companies of your interest for defining B2B agendas.

More details can be found below, including the detailed program and the registration procedure.

If you have any questions, please feel free to contact us at the following e-mail address.
